Ulti PVC Strip Curtain®

From the smallest cool room opening to the largest industrial warehouse facility, Ulti PVC Strip Curtains provide a low cost solution for hygiene, energy, and environmental control.

Warehouses, food service facilities, manufacturing plants and health care organisations are a few of our customers who are saving energy and protecting their employees, products and investments through the use of Ulti PVC Strip Curtains.

ALL ULTI PVC STRIP CURTAINS ARE CUSTOM MADE TO SUIT YOUR PARTICULAR SITUATION

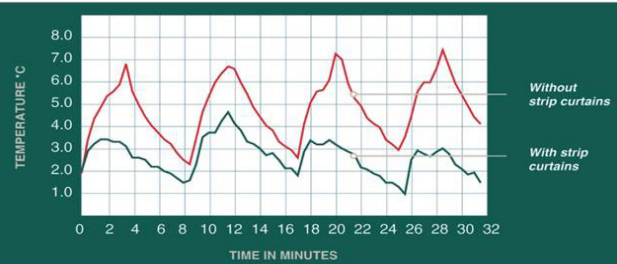

THE ADVANTAGES:

- Allows visibility and light for safety
- Reduces noise dramatically
- Stops insects and dust intrusion
- Creates comfortable working environment
- Lengthens shelf life of stored products
- Reduces condensation issues
- Reduces coil icing problems
- Maintains correct temperatures

Once installed, very little maintenance is required and the electricity savings will pay for them many times over. Many different styles and grades of PVC strip are kept in stock to suit every application.

SMALL CHILLER +2°C

- A massive 24% energy saving was achieved
- Improved temperature stability
- Condensation was minimised

This graph shows four door opening cycles over 32 minutes

- 10 Door opening cycles in 24 hours
- 20°C ambient temperature

Energy saving investigations have been conducted by universities and engineers using field tests to prove the effectiveness of Ulti PVC Strip Curtains.

ENVIRONMENT CONTROL

Ulti-PVC Strip Curtains provide low cost, effective control for temperature, ice, insects, vermin, birds, noise and visibility.

FLEXIBLE PVC STRIP CURTAINS

Ulti Products carries a wide range of sizes and grades in stock to suit every application.

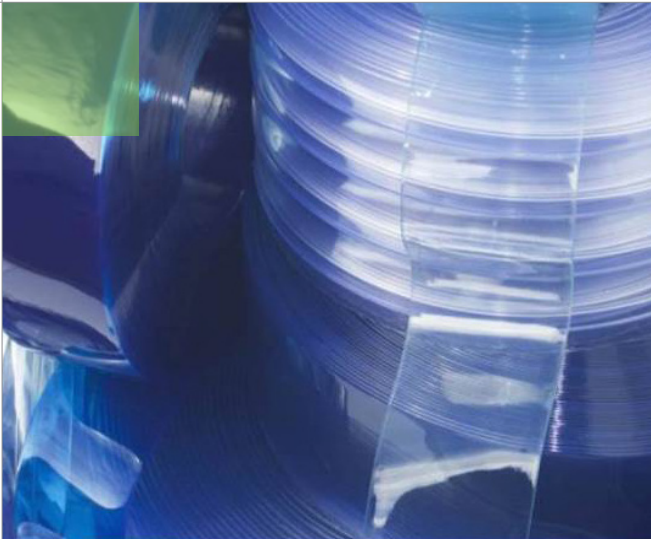

IDEAL FOR USE FOR:

Cool rooms - Freezers - Clean rooms - Warehouses -
Retail - Welding bays - Manufacturing facilities - Health
care facilities - Veterinary facilities - Food processing

Ulti PVC Strip Curtain®

Ulti Group stocks a wide range of European grade flexible PVC. Bulk stocks are warehoused and available in a variety of sizes, thicknesses, grades and colours ready for immediate dispatch. All Ulti Group PVC strip is extruded from self extinguishing PVC with rounded edges to protect personnel and products. So when you are thinking of a PVC curtain to assist with environmental control, be assured Ulti Group will supply you the correct PVC strip for your application.

REPLACEMENT STRIPS

Ulti Group can supply you replacement strips for your existing curtains. This could be a full roll or precut and punched PVC strip ready for installation.

Duraflex

Standard grade for ambient and chiller applications.

Polaflex

Standard freezer grade rated to minus 20 degrees.

Supa Pola

Specially formulated PVC for use in heavy duty applications down to minus 40 degrees.

Bumper

Vertically ribbed that does not allow strips to stick together or cling to stretch wrap.

Spectraflex

Coloured material for ascetics and privacy.

Insect repellent

Unique transparent material that repelles insects due to it's yellow colouring.

Marker strip

Helps traffic control.

Reinforced PVC

Nylon cord reinforced vertically to stop stretching and tearing in ambient environments.

Ulti Group provides a range of unique hardware for challenging mounting problems. Our mounting systems have been designed and proven to ensure fast installation and long term performance in all applications, regardless of traffic flow, door structure or environment.

Dished washers are used in all Ulti Group Strip Curtains for longer life of the PVC strip and helps prevent tearing at the mounting points. Stainless steel fixings prevent corrosion and ensure easy maintenance whilst aluminium mounting tracks are anodised for a durable neutral finish.

Heavy duty head rail - Allows both wall and ceiling mounting

500 Series - Hinged cover for hygiene and ascetics

Stainless steel hook-on track system - Corrosion resistant and easy removal for cleaning and unrestricted access

STRIP CURTAIN SLIDING TRACK OPTIONS

Ulti Group's' sliding curtains allow a clear unrestricted access through your doorway during times of intense traffic or when the barrier is not required. Our sliding strip curtain can be optioned with spring loaded positioning locks and extension handles for high doorways. Our beam system allows the strip curtain to be mounted inside a doorway that has a roller door fitted, this ensures the curtain is protected from the weather and vandalism.
